## OBJECTIVE

---

I am Ashish Paudel, a motivated Junior Frontend/React Developer with hands-on experience building responsive web and mobile applications using React.js and React Native. I have worked on real-world projects including corporate websites, job portals, news platforms, and mobile apps, focusing on creating user-friendly interfaces, integrating APIs, and enhancing user experience. I am passionate about writing clean code, learning modern frontend practices, and contributing to high-quality digital products.

## EXPERIENCE

---

### **COL Thinkspace, Kathmandu** - Associate Frontend Engineer

APRIL 2025 – DECEMBER 2025

- Started as an intern and progressed to an Associate Frontend Engineer.
- Designed and developed responsive user interfaces for web and mobile applications.
- Built and enhanced reusable UI components using React.js and React Native.
- Implemented REST API integrations, routing, and handled application error states.
- Fixed UI bugs and improved layouts to enhance user experience.
- Collaborated closely with senior engineers on production-level features and fixes.
- Used Git and GitHub for version control and team collaboration.

## PROJECTS

---

- **Corporate Website** – Built responsive pages, implemented reusable UI components and API Integration.
- **Job Portal** – Developed user-friendly interfaces, handled form validation, and integrated APIs for job listings.
- **News Portal** – Implemented dynamic content rendering, category-based navigation, and responsive layouts.
- **Travel Website** – Designed interactive UI sections, improved user experience, and error handling.
- **Learning Website** – Built structured layouts for courses, improved accessibility, and supported content-driven UI.
- **Personal Portfolio Website** – Designed and developed a personal portfolio showcasing projects, skills, and contact functionality.
- **Mindfulness Mobile Application** – Contributed to mobile UI development using React Native and improved user interactions, Implemented state management using MobX and integrated APIs.
- **Lifestyle Mobile Application** – Assisted in developing reusable components, fixing UI bugs, and enhancing app usability.
- **Technologies:** React.js, React Native, JavaScript (ES6+), HTML5, CSS3, REST APIs, Git

## EDUCATION

---

- **Bachelor of Information Technology (BIT)** - (Running)  
Himalayan WhiteHouse International College, Kathmandu
- **+2 (Science)** - (2023)  
Premier College, Kathmandu
- **S.E.E** - (2020)  
Kanti Rajya Laxmi Secondary School, Kailali

## SOFT SKILLS

---

- Problem-solving
- Quick learner
- Team collaboration
- Creative and detail-oriented

## TECHNICAL SKILLS

---

- **Languages:** JavaScript, TypeScript, HTML5, CSS3
- **Frameworks/Libraries:** React.js, Next.js, React Native, Bootstrap, Tailwind CSS, shadcn/ui
- **Tools:** Git, GitHub, Postman
- **Other:** Responsive UI Design, Debugging, API Integration

## CERTIFICATIONS

---

- **Web Designer** - Broadway Infosys (2025)

## ADDITIONAL INFORMATION

---

- **Languages:**
  - Nepali
  - English
  - Hindi
- **Activities:** Participated in College Frontend Fest, where the team developed a well-designed static Laundry Website. Took part in IT Fest, collaborating with teammates to build a fully functional Engineering Consultant Website.
